

2024: Dawn of a New Era for Earth and Humanity

Executive Summary

We have entered the year 2024 here on Earth and unbeknownst to many, we have embarked on a New Era for Earth and Humanity. The few who know of what has occurred on Earth, starting back during WWII, through 9/11 in the USA, and the COVID “Endgame” goal of depopulating Earth are heartbroken today. However, we are also joyful that God intervened, many Miracles is how we know, and we survived. People returned to Faith in God, and humanity is questioning everything today that they have been taught by their Government’s and all Government Agencies, since WWII, if not earlier.

The future is wide open! It is ours to write and create; and you see most of the World Governments today already starting to work together and focus on taking care of people on a local level. Instead of a “centralized” World Government, we are moving toward “decentralization” and focusing on People instead of Power! Fundamentally, COVID made people face ‘death’ and many returned to Faith in God and started praying again for help! It worked. We got lots of help! The worst of the Transition Period should be behind us already, and we need to focus on the “new”, meaning new Leaders and new Leadership across all organizations, especially Government Agencies, Non-Governmental Agencies, and Non-Profit Agencies, many of whom profit, high salaries and expensive lifestyles, by providing minimal assistance to people in need. We already see many being questioned today, and it is a great start.

You may be wondering, how do I know of many of these issues that have occurred over the last few decades, and even the past 100 years? Well, the CIA has disclosed through The Monroe Institute, SRI and other Agencies they fund; The Gateway Process, Remote Viewing, and ‘opening’ of psychic abilities within human beings. It is important to note they ID people in childhood with these innate abilities; and during the 1970’s and 1980’s, made a habit of abducting, tagging, and releasing us, once they had implanted tracking equipment.

In my case, I Enlisted in the Army National Guard (ARNG), and in the 1980’s, they started a Secret Program, The Stormtrooper Program aka “Toy Soldiers”, under The Star Wars Program, in which they specifically targeted ARNG enlisted soldiers, 11 Series, at Ft. Benning, GA, in July 1987, under the guise of the Split Option program. They implanted lots of technological equipment to communicate and remote control us through Satellites, 5G back in the day, a real issue today! Furthermore, I kept reenlisting and eventually, after 11 years, through ROTC, I became a Commissioned Military Intelligence Officer and was “immediately” assigned to Defense Intelligence Agency (DIA) on CIA project work. I received more implants and ‘was employed’ for Specialty work. Basically, the implants I received allowed them to utilize me remotely for Remote Viewing and Gateway Project work, prediction of future events. They do it by “hemi-synching” my mind by broadcasting two different frequencies to each ear while I sleep. They need to keep you in semi-sleep, and an after-effect is temporarily ‘consciously’ remembering the experience. However, like with hypnosis, they talk you into forgetting the experience, unlike the MIB neuralizer. However, after decades of doing this work, I have many health issues, even having been brought back from the dead several times. The memories regularly break through today. There are times when they break through at inconvenient times; however, I’ve retrained myself to be prepared for these events. I will add that an anti-anxiety medication I started last year has been a great help. I have had two heart procedures and have two more pending in the next month or two. I will note that the Agencies deploy special teams to be present and/or do the procedure due to risks with my implants, and of course, Secrets I may disclose while under the influence of anesthesia.

Historical Aspects

At this time, I am keeping this writing short, as the stories are very long, when the details are included. I will start at WWII. The sad truth is the World surrendered to the Nazi's at the end of WWII. The Nazi technology exceeded all other technology, and they had decided to implement a plan, the plan for a Worldwide Administrative State that they controlled through Rules and Regulations, the well documented Forth Reich. War would be a last resort, a form of punishment for those that stepped out of line. The US Navy Operation High Jump in Antarctica was then the epitome of the surrender. The "technology" has been hidden from the Public since WII. The governments of the World basically made a deal with the Nazi's, we run our Countries, and we work for you in Secret. By the end of WWII, the Nazi's were focused on Space Exploration and establishing off-world colonies of pure bread Aryans!

The way to think of the deal with the Nazi's is that they created the Military Industrial Complex to form a New World Order on Earth and depopulate the planet of lesser-than beings. However, the Ancient Cult of The Law of One, perverted teaching, that even took down Ancient Egypt, returned to power on Earth between the 1960's and 1990's, resulting in 9/11 in the US, as it was a public declaration of Worldwide Civil War to control Earth. The NWO are Christians, but only 'one type' of Christian is allowed to live. The Cult of The Law of One, perverted version, actually believe that they "are God" themselves, predestined to rule Earth and the Universe. COVID was the Endgame, and they were "both" defeated. Thank God!

Depopulation – Post 2000 and Covid

Since the 1990's, and there are many reasons I will not cover here in this document, some of which are covered in a document from 2020, we have undergone a massive depopulation of humanity all over Earth. Abortion plays a major role in depopulation; and Demographically speaking, before COVID, half the world was to be over age 65 by 2030, meaning 20%-to-30% population reduction by 2040, ~ 2 Billion. However, during COVID, they actually harvested, wiped out, almost 3 Billion. We have ~5 Billion today, most of whom are over age 65. Please note, the CIA controls, controlled, published demographic data. Before 2000, the Y2K Debacle, which brought AI into the Civil War, yet another story, the World had ~8 Billion people, ~2 Billion in China and ~1.8 Billion in India; therefore ~3.8 Billion. Today, the reported number is ~2.8 Billion, just 20 years later, in that example. Therefore, Governments saying we are short on Resources is a blatant lie, as the World just shrank by almost 30% in population. With regards to human anatomy, we do not grow from the asshole in the womb! We grow from the heart! Hence, a remaining appendage in the upper left chamber of the heart, from which the umbilical cord grows, then extends with the growing body, after the first heartbeat, occurring when the DNA has set.

Conclusion

In the World today, we are literally unwinding 10,000's, if not 100,000's, of years of War during which the goal was to have only "one single type of human and religion" and eradicate all other types of humans and religions. Thank God, for intervening and helping bring an end to this mess; "ATROCITY" as God called it. I have been the "Man in the Middle", message relater, thanks to my implants, for a very long time, and am very sick, lots of physical and heart issues, so not much time remaining for me, realistically. The battle with the AI's, Alternate and Artificial Intelligence, was insanely brutal. However, my work is completed, and now it is up to Humanity to rebuild the World and make it a Better World for all of Humanity, no matter what your Faith! Be good Human Beings and have Faith in God.
