Personal Note on Elitism within the Armed Services and Country, which started with the Elitism in Colleges and Universities when we started rubber stamping College Degrees and PhD's and Doctorate's; so as to not offend Students and Parents in the late 1990's, as Everybody "Deserves" a Degree. I wish I was being Sarcastic! However, when you start charging $100,000 as a Minimum for a College Degree, Parents expect the Schools to make sure their kids Graduate; and so, Average Grades in Colleges became a "B", and you had to try and Fail, by basically doing nothing. I noticed it after I returned to college in my mid-20's in the late 1990's, and even in DC at the end of the 1990's. It helps explain the sad state of affairs of the Country and the World today, as it extended well beyond the USA. It is why many Colleges became Degree Mills, so-to-speak; and Masters, PhD, and Doctoral students started "outsourcing" their Research to China, India, Pakistan, etc. to this day, which is where some of their Loyalties still are today, with those that had leverage over them as they know who did the real Research, for their Degrees and every other Credential.

This is why I think it is reprehensible that some of our Military Services Leadership Teams today, Navy, Air Force, Space Force, have the 'Elitists' attitude and refer to the Army and Marines as "Cannon Fodder". You do realize that this is the same Elitist group that can not cook, fix a flat tire, take care of their own houses, etc. and refer to the rest of us as Deplorables, aka Servants, the "Help", etc., and far too many of them are in Academia teaching Current and Future Leaders how they "Theoretically" know how the World operates. It is Insanity!!!

It is amazing to me that the Navy turned their actual job over to the Coast Guard, due to Elitism and Laziness. They literally just want to operate Drone Ships, like their new $100+ Billion Ghost Fleet of unmanned ships! It is Insane, as how does any Maintenance get down, or how are the ships fixed when they break down in the middle of the Ocean? It is pure Insanity!

The Air Force and the Space Force are no better than the Navy, as they just want to fight Wars from 100 or 1,000 miles away, never getting their hands dirty, and still want Combat Medals for killing people with Drones from halfway around the World, which are already being awarded, as everybody Deserves a Medal. The Air Force is known as Chair Force; so, I started calling Space Force the "Space Farce" a couple of years ago. Personally, I think the Space Farce makes the Space Balls look smart! They only want Educated Elitists to oversee the highest levels of their Operations, which is Insane, as you need people with Real, not Theorhetical, Field Experience to understand the reality of the Logistical Shitshow of every Military Operation, and mange it well.

I am ANGRY with both the Chair Force and Space Farce as they are "responsible" for allowing Starlink and others access to our old Military Implants, including my Implants!! This is a big deal, as they have literally been TORTURING us since 2018, to this day!!! They gave access to Satellite base Bandwidth, also known as "Microwaves," in the 5G Spectrum for Data Communications back in 2017, launched 2018; and all Hell 'literally' Broke Loose around the World!!! Why??? Because those Bandwidths were being Actively Utilized by the old SDI, Star Wars Program, People and Equipment, and why those Bandwidths were BLACKED OUT AND BANNED FROM USE until at least 2030!!! However, there was a LOT of MONEY to be made by reusing those Bandwidths; so, to find the Treasonists, just follow the money flow!!! By allowing SpaceX and Starlink to "take over" those Banned Bandwidths, you assholes gave away the House, the Country; because every other Country in the World that participated in the Cold War Programs was Actively Monitoring those Bandwidths, per STAR Treaty signed by all the Countries back in the late 1980's!!! Why? Because, all the Satellites that were put up into the Sky were and are able to be utilized as a Weapons System!!! Idiots, they Broadcast MICROWAVES and that allows pinpoint 'frying' aka destruction of any Spot on Earth. All the Countries realized that it was Pointless to utilize the Technology, just like Nuclear Weapons and Mutually Assured Destruction, as what is the Point to Destroy the Land that you would need to grow food, evaporate the water, etc.? Therefore, they all agreed to NEVER utilize the Technology as a Weapon!!! Now, you idiots outsourced it to Private Sector Companies with no Security Protocols and Insane People operating the equipment, maybe just drugged up or drunk, plus all the Hackers!!! WTF!!!

I have to emphasize this point too on the Law of One teaching!!! You all need to understand the most Cults today are based on the Teachings of The Law of One; and Today's "woke" Issues and Thinking is all Law of One based too!!! The Law of One "teaches" that "we" are all God incarnate; and that there is No Devil, No Heaven, No Hell, Life is a Game, Life is Party, and that You can Do No Evil as your entire Life was "pre-determined" before you were Born, meaning that whatever you do in Life is what you were meant to do in Life, and Not Evil. This brings me back to The Garden of Eden and the "Apple" that Fell from The Tree of Knowledge. The Tree of Knowledge is the Teaching of The Law of One, that the Devil does not Exist; and teaches Science as God, and Knowledge as the Key to Science. Think about the subtly of the Lie, the Original Sin: Instead of being "Children of God", the Law of One teaches that "We are God." Notice how subtly of the Lie, and children, those with the mindset of children love to be told they are "The Greatest", "The Smartest", and "God", as opposed to being Disciplined and told that they are One Brain Celled Morons in need of an Education. This is also the reason that "Google" is called Google, from "Googleplex" in The Hitchhiker's Guide to the Galaxy! The Nazi Vril Society were also Law of One Cultists. The Law of One is what many Elitists around the World believe today, and it was the takedown of The Templar Knights, The Romans before them, the Egyptians before them, the Dutch and English (Tea Company) Empires, etc. etc. etc., as The Law of One is responsible for Society's collapsing into Debauchery and Death. Note, his is NOT about picking a Religion, this is about: Do you Believe IN God "OR" Do you Believe you ARE GOD??? The 3rd message of Our Lady of Fatima!!! Mary told Teresa that the Devil did not know it yet; but the Final Battle would be over FAITH and FAMILY, and the DEVIL was going to get his head bashed in at that Time!!! God Intervening!!!

I wonder... How many of you have figured out what my job really was / is for DIA when I was Hypnotized and Programmed to be put to work on ADSW Orders back on 26 Feb 1999??? In Dec 1998, when in DC at DIA, I ended up training the Black Ops Team the job they were going to Train me on that should have taken years, within an hour; and even trained them on Computer Networking and WTF and Who Authorizes an Internet Connected Computer in a Black Ops SCIFF, during my second hour. Therefore, they "repurposed" me, and in hindsight, you can now understand the Why!!! You have to keep in mind that Y2K was a HUGE FEAR Worldwide at the time; and I had learned in the Summer of 1998, how bad the Consultants actually were that were supposed to be fixing Computer Systems for Y2K; and it was inexplicable how carefree they were with the work. There are few who may know this or remember it, and it is NOT on Wikipedia; however, in Aug 1999 MCI, formerly WorldComm, launched a 'new' Network that was supposed to be Y2K ready; and that 2 weeks National Network Debacle, which had rolling Black Outs and Brown Outs of ALL Data, phone included, Services, caused all the Countries in the World to Freak out. The result of which was to turn me into a "Trojan Horse"; and have me "secretly" deliver "code" to Seattle, WA, to be uploaded to Microsoft, Apple, Unix Systems, etc. The Governments "designed code" that actually, in hindsight, did Stabilize Y2K, Thank God for that too!!! I was sent to Seattle, WA, for 'Training' the last couple of weeks of Sep. However, I was actually "BAIT" for the Tech Boys, all the IT gurus, as DIA and CIA "leaked" to them that I would be in Seattle and that I had "Secret SDI/Star Wars Program Implants" that were Technology a decade ahead of what they could imagine at the time. Therefore, I was "abducted", as expected by DIA/CIA and the World Governments, and they downloaded my Code for controlling my Implants, NOT Realizing that I was a "Trojan Horse" for Them All!!! The code they 'took from me' had Top Secret Y2K Stability Code embedded in it, and that is how the World Governments stabilized Y2K. However, I have a really scary and bizarre memory of being yelled at through a speakerphone, to the point it shook my soul and still scares me to this day, of being told: "End This Atrocity" with more code being installed in my Equipment. I can't explain it. I call the 'voice' of God; but you believe what you want to believe!!! Sadly, the original Y2K code was copied and pasted into StuxNet, Nitro Zeus, Athena, etc., and the idiots never ever bothered to audit the code, nor knew its propagation rates and why it propagated so fast worldwide, code of which all World Governments involved in the Y2K fix had a copy.

Hardware and Software Code is Huge Issue today, as Nobody writes "foundational code" anymore, simply just "cutting and pasting" old code, without checking for or auditing for "backdoors, viruses, worms, etc." I have so many stories about this that I can tell that it is NOT Funny!!! These are forementioned: 1. GE bought a "Valve Control System" for Hydroelectric Dams from a Former Business Partner of mine. Well, it was flawed, and also explains why you StuxNet broke all the Centrifuges, as nobody seems to understand that "EACH HARDWARE SYSTEMMUST HAVE CUSTOM BUILT SOFTWARE FOR CONTROLLING IT" and No Cutting and Pasting of Similar Code from Similar Technology!!! Morons!!!

I also mention this too… GE created "EDI" = Electronic Data Interchange, as a method of Tracking where Every Single Component of a Larger System was Manufactured, When it was Manufactured, and What Product was Built with the Component. How do you think they Track Jet Engine, Turbines, etc. and can identify Mechanical Issues and trace them back to Manufacturer and what Raw Materials the Manufacturer utilized to build it, etc.??? EDI was NOT a Secure System and NEVER intended to be a Secure System, as that was unnecessary for what it was designed and built for back in the day. EDI was a Simple Tracking Tool. Then, GE sold EDI to San Francisco based **Francisco Partners** in 2002! The sad part is that you may not realize this today; however, Financial Transaction Software was built utilizing EDI, just go ask the PayPal Mafia!!! This "unsecure" system is how All World Banking, including SWIFT, operates to this day, which is Pure Insanity!!! Want Proof? How many $1 Billion in Losses did eBay have to write-off "after" the PayPal acquisition, after PayPal moved the Interest Payments to another account, plummeting PayPal's and eBay's cash flow and value??? Do you have any idea how easy it was and is for the PayPal Mafia to "STEAL" trillions of US Dollars Annually from the US Government and Governments around the World, simply by Holding the Float and Collecting Interest on the Overnight Lending Rates!!! They made Trillions just by Holding Your Money Overnight from 1-to-3 Business Days, on average!!! It is Insane!!! This is why we need a 'new' Gold Standard and "mBridge" in order to Stop the Theft of collecting Interest on the Float!!!

Well, my Memories are returning, due to multiple surgical procedures with hours of anesthesia and "near 'death' experiences", NDE's; especially since Starlink, Musk's company got connected to me through my Fraternity Brothers in the Navy and Military Industrial Complex, back on 1 May 2020, via a location in DC. Then, in Mar 2021, the Boston contingent, xARPA's Military Human Experimenters and Yellow Berets Human Experimenters in the Healthcare System got involved and joined in on Toying with and Torturing me, and 10,000s of others like me, through our Military Implants, which run on Satellite-based 5G that the Air Force assigned to SpaceX and Starlink "officially" in Feb 2018, then handed off to Space Force. FYI, this PROVES the MILITARY HAD 5G a long time ago!!! You need to understand that Starlink is an "unsecure" and easily hackable system; therefore, anybody can screw with us too, and I mean anybody; and as for the World Governments, they are idiots too as any place on Planet Earth that has a Starlink Access Point, is a KNOWN 'location' to everybody around the World with a Starlink Connection. **Nice Job!!! (Sarcasm)** You gave away the locations of ALL your Military and Government Systems on the entire Planet to Starlink; and on the other similar systems too, like One Web, etc.

I am thinking that you "probably" wish that you had listened when you were all LITERALLY told: "You Have Your Fun with Him, Now Leave Him Alone!!!" I know, we know, you LOVE PLAYING GOD WITH TECHNOLOGY!!! Therefore, we can NOT stop you from playing God now unless we kill you, as you have all gone Insane, Addicted to playing God. Sadly… Oh, while you are digging into the presented information and the many rabbit holes it will lead you down, what is the deal with X Holding Company in Delaware, USA? Did Musk utilize it to launder and move money around the World, as it is hard to hide a $1 Trillion plus per year in Overnight Interest Payments for the money they Float during Financial Transactions… Between 1998 and today, it has to $10+ Trillion, right!!! Oh, don't forget, that's why the woman in The Hitchhiker's Guide to the Galaxy is call "Trillion"!!! Ha Ha Ha. I know…but that movie is a Sales Pitch for The Law of One, as are many movies today, even with Disney, bought after 9/11 by the assholes!!!
